Dear Colleague,

We would like to invite you to join the Mahale Wildlife Conservation Society. This society was established in 1994 to promote the activities for the conservation, research and public education regarding the wildlife (chimpanzees, in particular) in the Mahale Mountains and the western Tanzania. The annual membership fee is U.S. \$ 30 or Japanese Yen 3,000. You will receive the newsletter PAN (Pan Africa News) twice a year.

Cash or traveler's check is welcome, but if you want to pay by bank check, please send the check of one of American banks which is payable to Professor Toshisada Nishida. *Please write his name and the Mahale Society's name in your check*, because the Society has not its own account in the United States. If your dollar check is encashed into the Society's account of the Japanese bank, the exchange fee would amount the about \$15. Thus we would lose a half of the value!

Thank your for your consideration.

Toshisada Nishida  
Co-Chairman, MWCS
